Surveillance.doc; INFLUENZA B Diagnosti Testing.doc; LYME DISEASE.doc; NEDSS 4512-0180 GY 12.doc; RABIES.doc; TICKBORNE DISEASE - Other.doc; First Draft ELC 12 application.xls

Attached are the budget sections for the ELC 4512-0180 reapplication. I have marked up most of the sections with questions I can't answer (in red). Please get back to me by Wed. 9/21 with any changes, additional, comments etc. You can call me and we can review and make changes over phone, or feel free to visit, or just email.

The attached spread sheet is a very LOOSE breakdown. In many cases, I just didn't have enough information. I have included the names of folks that should get back to me with information – but the sections cover several bureaus – so I encourage you to look at all the sections.

Additional Information needed if we are applying for:
WNV section B & C – Sandy was going to look info
Parasitic Disease – Pat was going to get back to me.

Please confirm we are not applying for the following area's:
Educational Efforts to promote antibiotic use
HAI Section C – Lab testing
HAI Section D- Health department assistance
Lyme Disease sections B & C
Vaccine Effectiveness sections A & B
Prior Disease
Border Surveillance
Mycotic Disease
Waterborne Disease.
